

DANE DENTAL LABORATORY

Custom Shade

Call Dane Dental Laboratory for appointment: 608-839-8800

Helpful Guidelines:

* If you are whitening make sure you have completed the process 10 days before you come in for your shade.

Do not schedule your shade appointment immediately after your dentist preps for your crown. For best results wait at least 24 hours or come here before your appointment.

Do schedule your shade appointment for at least 5 business days prior to your "seat" date.

Do not wear lipstick.

Be aware that a second appointment may be necessary.

Take I94 East to Milwaukee.
Exit HWY N South toward
Cottage Grove.
